

PROJECT INCREASE

is a non-denominational, non-profit, 501(c)3 organization whose mission is presenting and sharing the Good News of personal salvation through Jesus Christ to the people of Jamaica.

Since 1983, Project Increase has been sending short-term missions teams to this island to benefit existing Christian ministries and to support new work in the name of the Lord. The organization does not seek recognition for itself, but strives to help others as an outreach ministry.

There are so many ways that you can help. Contact us to find out more.
